

# GATS EME:

## *Pursuing Ministerial Excellence*

“Educating the mind without educating the heart is no education at all.”

— Aristotle

Spain has two part-time and one full-time Bible Schools.

This year they graduated 30 full-time students.

Next year they will be graduating 30 full-time students and 50 part-time students.

Some of their graduates from past years are now full-time pastors, some are Assistant Pastors, others are active in ministry in their local churches. Some of them are serving as monitors and teachers at the three Bible Schools. Churches with Bible School graduates are growing so much due to the quality training they have received being applied to their cities. Pastors are excited with the results. They are impacting Spain!

# Bible School Opens in Muscat!

Brother Adam Hunley writes, “Our GATS-approved training center (LivingWay Training Center) in Muscat, has been key to the development of the work in Oman. In just two years, we have been able to help people with negligible Biblical knowledge to become rooted and grounded in the Word and Apostolic doctrine.

As we prepare to leave the newly established work (1 central church and 5 house churches/preaching points in 4 years), our board of elders are already standing on their own because of the solid base of teaching and the support of our ministry leaders who have all been through LWTC.

As of January 2015, the certificate level program will be administrated and taught by our local church teachers. The GATS program has provided a framework for new works to quickly and efficiently structure their training programs in line with long-established Bible schools worldwide. It is truly a wonderful blessing!”

Sister Tir writes, “Presently we are operating 2 UPCI Bible schools in Serbia: Balkan Bible Institute (BBI) in Backi Petrovec; Zion Bible Institute (ZBI). Each of these schools has an enrollment of about 15 students, with a total of 33 students at this time.

Although no students graduated from the 3-year program this year (2014), there were 33 students who successfully completed the academic year and were promoted to the next level. We were honored that Brother Robert Stroup (Superintendent of the Indiana District) was the guest speaker for the 2014 BBI and ZBI promotion service. Next year we anticipate 10 students graduating from the 3-year program.

One of the most memorable successes of this 2014 Bible School year involves the assistant pastor of a Church of God congregation in Serbia. This man and his wife have been attending ZBI for 2 years. As a result of the teaching they have received, both Brother and Sister Kosovac were baptized in Jesus’ name in November, 2014. Glory to God!”

## **GEORGIA BIBLE SCHOOL GOING STRONG:**

Brother Raymond Mason reports that the Bible School in Georgia is going strong. This Bible school currently has 25 students and meets three evenings per week.
