ANNUAL FACULTY DEVELOPMENT SEMINARS

We encourage every nation with a Bible School training program to participate in Faculty Development seminars each year. The success of your Bible School depends on the effectiveness of your teachers and administration. As your faculty continues to grow and develop, the impact of the Bible School on the national church will increase dramatically.

SERBIA

Global Educators Rick and Valene Hughes have been a great blessing teaching in Serbia.

NICARAGUA

Faculty Development seminars have been key in developing a strong team of teachers for over ten years.

COLOMBIA

Well established Bible Schools are benefiting greatly from GATS Seminars..

THE PHILIPPINES

GATS curriculum and training unites multiple Bible Schools in nations like the Philippines.

CUBA

Non-GATS nations benefit from teacher training seminars. GATS will train in any nation.

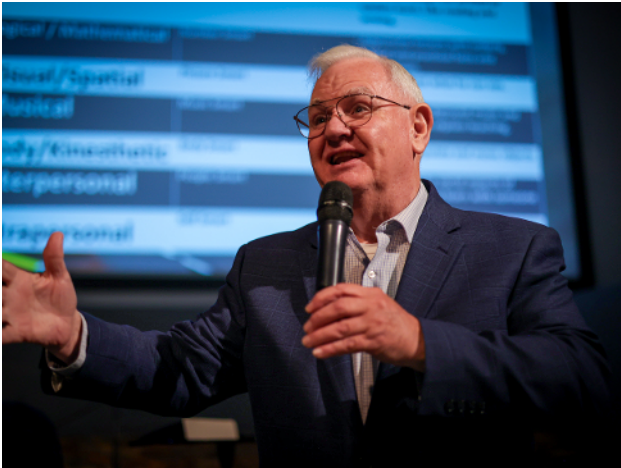

GHANA

Nations all over Africa have been impacted by GATS Teacher Training seminars.

GLOBAL EDUCATORS

There are over 70 Global Educators ready to travel to nations around the world to train Bible School teachers. They go at their own expense because they are passionate about their mission.

Contact your Regional GATS Representative to plan your annual Faculty Development Seminar. The Global Educators cover their own expenses and the local nation covers the cost of the seminars.

Global Educators can also teach advanced classes in your Bible School or hold mini-seminars on specific courses.

Mini-seminars are designed to offer condensed Bible School courses in nations where there is not a formal Bible School in operation.
